

Pebble Technology®

INTERNATIONAL

WHY CHOOSE PEBBLETEC?:

- 1.) **World-class Sourcing:** Known as the “World’s Most Trusted Pool Finishes”, we are always on the hunt to find the highest quality pebbles and production materials on the planet.
- 2.) **Expert Design:** PebbleTec finishes are expertly designed by our elite R&D team. The PebbleTec team gives a careful eye to the size/color proportions within each finish, creating strict product specs for excellence and consistency. We take great pride in ensuring that your PebbleTec pool finish will closely match the showroom sample.
- 3.) **Superior, Fade Resistant Pigments:** Our R&D Team has invested decades in seeking out the very best, most fade-resistant pigments in the industry-- so that, with proper water chemistry maintenance, the beautiful color of your pool finish (and water color) will stay true for years and years.
- 4.) **Meticulous Screening and Production:** PebbleTec holds to the industry’s highest product standards. We laboratory-check each incoming pebble and glass shipment for size/color spec consistency. We also screen our aggregate multiple times during production, even eliminating potential metal impurities through commercial grade magnets. We then provide proprietary strengtheners to our finish formulas for maximum durability.
- 5.) **Trusted, Expert Authorized Applicators:** PebbleTec works exclusively with carefully vetted “Authorized Applicators” who are contractually committed to PebbleTec’s installation protocols. That way, you can trust that your pool finish will be installed right, the first time. Top quality installation is a key reason why PebbleTec pool finishes last so long.
- 6.) **Industry-leading Dual Warranty:** PebbleTec provides a comprehensive 5-year (minimum) product warranty on our top-selling finish lines. In addition, our Applicators offer a warranty on workmanship. Given that the vast proportion of project costs are workmanship related, this dual warranty offers the extra coverage you can trust.
- 7.) **Top PebbleTec Support—Every Step of the Way:** Did you know that PebbleTec is the only pool finish provider that employs a full-time, traveling Quality Assurance team? We’re dedicated to providing expert technical support and training all over the U.S., both during and after installation. We also provide an on-call consumer line to answer questions on everything from early project planning to long-term pool care tips.
